1. The reissue oath/declaration filed with this application is defective (see 37 CFR 1.175 and MPEP § 1414) because of the following:

As noted in the last office action, the Declaration is defective because it appears to be misleading. This is because the Declaration indicates that the averments therein are made by the legal representative of the inventor. On the other hand, the Declaration is signed by the inventor himself. The last response of the applicant does not appear to have obviated this issue.

Accordingly, the claims are again rejected based upon the defect in the Declaration, as noted immediately below.

2. Claims 1-13 are finally rejected as being based upon a defective reissue Declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the Declaration is set forth in the discussion above in this Office action.
